EB-S18

DATASHEET

10,000:1 | 2W | HDMI | SVGA | 3000 lm

With an equally high White and Colour Light Output of 3,000 lumens, SVGA resolution and digital zoom, this LCD projector delivers bright business presentations easily. You no longer have to sit in dark meeting rooms in order to see those important and bright, vivid colours.

High quality, bright and vibrant images
This LCD projector effortlessly displays bright images with vivid colours for a crisp, clear picture: ideal for presentations and moving images, and is aided by the 10,000:1 contrast ratio. With an HDMI input, high definition video and audio content are easily played with the same high quality you would expect from the world's number one projector manufacturer[1].

Colour Light Output (CLO)
CLO is an important way of measuring a projector's ability to deliver colour and, like all Epson projectors, this model has an equally high White and Colour Light Output for a bright picture with vivid colours. For more information please visit: www.epson.eu/CLO.

User-friendly
Thanks to its manual keystone slider – unique to Epson – and automatic vertical keystone correction, this projector is quick and simple to set up. No matter the angle of the projector, you can easily align the projection to ensure a straight and correct image. The Colour Universal Design makes operating the projector easier, thanks to new LED colours and menu icons on the projector's control panel.

KEY FEATURES

- **Very bright output**
  3,000 lumens White Light Output and 3,000 lumens Colour Light Output
- **Sharp detail**
  SVGA and 10,000:1 contrast ratio
- **Easy set-up**
  Automatic vertical keystone correction
- **Eco-friendly**
